

## Is Croman Reading WestView?

📅 October 4, 2015   📁 [Letters, Real Estate/Renting](#)

Dear Editor:

Please don't worry—however, a few days after the newspaper hit the stands, Croman's (landlord) "management" came by early in the morning on the 20th and stole our planters again!

Suffice to say, we were upset, but it gives us more cannon fodder. We've submitted police report(s).

You should be proud to know that Croman is not only reading your paper but is obviously afraid of it.

Regards
